INSPIRING CHANGE

Sport Changes Life aims to raise the aspirations of young people on both sides of the Atlantic.

We are committed to changing the lives of young people through sport. This ethos of helping young people live better lives, broadening both their opportunities and aspirations is something which is shared by all of our partners. It is with this support and passion we are able to develop a strategy that will help young people achieve their dreams and goals on the island of Ireland and across the United States of America.

Our Victory Scholar Program, designed at our founding partner, Ulster University, places deserving American NCAA scholar athlete graduates in our partner universities in Northern Ireland and Ireland where they continue to develop their skills and knowledge as they help change the lives of young people. Our Victory Scholars will earn a masters degree while mentoring young people through our eHoops program, community outreach initiatives and schools outreach programs all while continuing to play the sport that they love during their 10 month stay. You can stay up to date with all that goes on in Sport Changes Life via our social media outlets and on our website sportchangeslife.com.
